

Examinations 2008-2009

On behalf of the governors of Sedgefield Community College I would like to take this opportunity to congratulate our class of 2009 on the success they have achieved through the recent examinations. Whilst recognising the hard work of the students, I am sure that they would join me in thanking the staff of the school for their commitment and dedication and of course parents for their ongoing support.

The college has managed to largely maintain the performance of 2008 which led to the award of “most improved specialist college”. Whilst making improvements in some key areas, most notably the proportion of students achieving five higher grade passes including English and Mathematics with an improvement of 4% on the previous year.
